Higginson-Henry Information:

Higginson-Henry Wildlife Management Area, located in Union County just east of Morganfield, totals 5,424 acres and is separated by three state highways (SR 56, SR 758 and SR 141). The area is owned and managed by the Kentucky Department of Fish & Wildlife Resources. Within a two hundred acre refuge on the east boundary is an outdoor learning lab. There is an 80-acre lake (Lake Mauzy) and two small-unmanaged lakes (Morton's and Sulfur Springs). The interior landscape consists of both upland and bottomland hardwoods with agriculture fields lining the outside boundaries.

Higginson-Henry WMA offers hunting, fishing, hiking, wildlife viewing, photography, and many other wildlife related activities. Additional activities may include interpretive trails, outdoor classrooms and a 15-100 yard firearm range. Deer and turkey archery hunting along with small game hunting opportunities result in moderate to heavy hunting pressure throughout all seasons.

WMA Management Objectives:

The management objectives on Higginson-Henry WMA are:

- 1) to manage wildlife areas toward the ☐ ☐ creation, enhancement, and sustainability ☐ of permanent wildlife habitats and ☐ populations;
- 2) to manage areas for the preservation and ☐ enhancement of public outdoor ☐ recreational opportunities;
- 3) to restore wildlife species to their natural ☐ habitats;
- 4) to provide opportunities for fish and ☐ wildlife education;
- 5) to provide demonstrations of sound wild-☐ life management practices.

General Guidelines:

All specific information on area use for hunting, fishing, and other activities can be found in one of the many guides published by the Kentucky Department of Fish and Wildlife Resources or by calling 1-800-858-1549.
